### OVERNIGHT IN HAMBURG

#### CRUISE EXCURSION HIGHLIGHTS:

##### HONNINGSVAG, NORTH CAPE

The thrill of reaching Cape North will impress even the most distracted traveller. When the ship anchors in Honningsvåg, the sky is decorated with permanently iridescent clouds and illuminated by the sunlight that shines 24 hours a day from mid-May to July, offers the most incredible spectacle. You should not miss an excursion to Cape North, where you will find a cliff that is 500 million years old and rises 307 metres above sea level, dominating the Barents Sea and the Arctic Ocean from where you can admire the spectacle of the midnight sun.

##### NORDFJORDEID

The Geirangerfjord and the Nærøyfjord are listed as part of UNESCO's World Heritage Sites.

You can reach Loen Skylift with an excursion. The cable car transports visitors at 1,011 metres, on Mount Hoven. The trip is really fast, in just 5 minutes you will get to the top and enjoy a breathtaking panoramic view: to the east you can admire Lovatnet Lake, Mount Skåla, and the Jostedalsgreen glaciers; Olden to the south and Nordfjord to the west.

##### ST PETERSBURG, RUSSIAN FED.

Located on the Neva River at the head of the Gulf of Finland on the Baltic Sea, Saint Petersburg is one of the most beautiful cities in the world and well worth a visit. From the Petrodvorets the former summer home of Peter the Great to the famous Hermitage Museum, home to three million works of art by Italian, Dutch and Spanish artists and where we will look around the grand reception rooms of the Russian royalty.
